CRAB GRIP®
SCREW

Company Profile :

We are a group of entrepreneurs who are trying to create our own niche space in the field of manufacturing engineering products.

It all started in a 2160 sq. ft. manufacturing space by one visionary founder, who could successfully inculcate his legacy of trust, dedication, and hard work into the minds of all those who come in contact with him. Situated in Rajkot, which is a manufacturing hub for engineering and automobile production in India, Bold Incorporation has traveled a long journey of firmly establishing the **Crab Grip** Brand in screws.

We have even successfully attained the feat of designing our own machinery for captive purposes. The product has multiple manifolds which are having varied applications. The manufacturing space is over 175000 sq. feet with an installed capacity of more than 1,00,00,000 pieces per day and a strong marketing network all over India.

It is now the favourite brand amongst OEMS.
